BRIDGEPORT, CONN., THURSDAY, APRIL 15, 1909

TARIFF FOR PHILIPPINES PRESIDENT URGES BILL

Message Sent to Congress Today, Transmitting Proposed Measure as Prepared Under Direction of Bureau of Insular Affairs.

President Taft Declares that It Is of Great Importance for Welfare of the Islands This Measure Should Be Passed at Same Time as Arguments for and Against Pending Payne Bill.

(Special from United Press.) Washington, April 15.—Declaring that it is of great importance for the welfare of the Philippines that a tariff bill for the islands be passed at the same time as the pending Payne bill, President Taft sent a message to Congress today transmitting the proposed the Bureau of Insular Affairs, President Taft's message follows:

"To the Senate and House of Representatives: I transmit herewith a communication from the Secretary of War, enclosing one from the Chief of the Bureau of Insular Affairs in which is transmitted a proposed tariff revision law for the Philippine Islands.
"This measure revives the present

Ion law for the Philippine Islands.

"This measure revives the present Philippine tariff, simplifies it and makes it conform as nearly as possible to the regulations of the customs laws of the United States, especially with present Philippine regulations have been cumbersome and difficult for American merchanis and exporters to comply with. It is necessary to meet the new conditions that will arise under the section of the pending United States tariff bill which provides with certain limitations, for free trade between the United States and the islands.

Chester, conducted the hearing for the friends of the bill. He said that absolute prohibition was not intended. It would merely take place in towns where a majority voted for the bill. Other towns would remain under the present system. Other towns would remain under the present system. Dr. T. D. Crothers of Hartford said that if the sale of liquor was beneficial its sale should not be stopped, but that if the sale of liquor was beneficial its sale should not be stopped, but that if it were the reverse it should of Philippopolis through the mails. There is some danger as the government is fearful of some plots being ment is fearful of some plots being reality a narcotic and that over 50 per cent, of evil was caused by its in-lands.

There were indications that the gray-lands are revised to the strong of the bill. He said that absolute prohibition was not intended. It would merely take place in towns believed to be secure. Tewfik is not believed to be strong enough to meet the present needs of his position. A rigid censorship on all telegrams was re-established to-day, which necessitates the sending of this measure. There is some danger as the government is fearful of some plots being ment is fearful of some plots being planned through the mail by the Young Turks' leaders who have fied and their sympathizers.

"The bill now transmitted was drawn by a board of tariff experts of which the Insular Collector of Customs, Colonel George R. Cotton, was the president. The board held a great many open meetings in Manila and conferred fully with representatives of both interests in the Philippine Islands. It is of great importance to the welfare of the islands that the bill bould be passed at the same time. It is reference to the provisions of which he was prepared.

of Congress.

"WHAJAM H. TAFT."

In his letter to the President, Secretary of War Dickinson admits his own unfamiliarity with the situation but transmits the recommendations from General Edwards, Chief of the Bureau of Insular Affairs. General Edwards

"It will be understood that the re-"It will be understood that the result of the free admission of American goods into the Philippine Islands must revolutionize both in the Philippines and unless the adoption of that policy is accompanied by a revision of the present Philippine tariff it will be disastrous to some important industries there and also result in such a serious to the customs revenue as to emoss to the customs revenue as to em-barrass the Philippine government." He adds that contending interests

have been recognized as far as possi-ble and believes that the proposed measure should meet with favor. The schedules relating to tobacco and sugar are made identical with those in the Payne bill, thus removing the ap-prehension that these products might be imported into the Philippines at a less tariff rate and thence into the United States for sale as the growth and product of the Philippines.

POST EASTER

Miss Geary Is Wedded to Becomes Bride of Mr.

Arthur L. Metcalf and Miss Lillian

Arthur L. Metcalf and Miss Lillian
A. Geary were married at St. Mary's
parochial residence. Yast night, at 7:30,
by Rev. Fr. Murphy. The bride was
attended by her neice, Miss Margaret
Geary, Brooklyn, N. Y. Harry Geary,
brother of the bride, was best' man.
The bride wore a tailored gown of
grey broadcloth. The young people are
members of the clerical force of the
Salts Textille Company and have a Salts Textile Company, and have large circle of friends on the East Side After a wedding trip of two weeks they will be at home in their residence on Nichols street.

BLOWN UP SKY HIGH **DUTY ON FIREWORKS**

(Special from United Press.)

Washington, April 15.—Whether or not it was actuated by the laudable desire to reduce the number of fatalities on the Fourth of July or to deliver a blow at the cheap labor of Japan is not known, but the Senate Finance Committee in its tariff bill has sought to make the celebration of National Independence Day more expensive. It increased the tax on fireworks but not in the noisy class. Firecrackers are to be allowed to come at the same rate that they have been charged for the last few years. But rockets, Roman candles, pin-wheels and bombs, all the thiags in fact which the boys of America must have to celebrate the glorious Fourth properly, have been blown up sky high.

The House bill did something in this direction, increasing the rate from twenty per cent. ad valorem, Not content with this however the Senate committee the blos however the Senate committee. 50 per cent. ad valorem. Not content with this however, the Senate commit-tee made the duty on these fireworks twelve cents per pound, or nearly 70 per cent.

NAVY'S COOKING EXPERT AWAITING COURTMARTIAL

Newport, R. L. April 15.—The navy's hief exponent of scientific cooking for incle Sam's sailors and marines, Chief commissary Steward John Reuterman, a confined to the Rina Mercedes at he naval torpedo station here today waiting the reading of his summary continartial sentence after its approval at Washington.

It was alleged that Reuterman had a mecomplimentary remarks about

Bill for Total Prohibition With Referendum to People-Kendall Says People Tried Prohibition and Became Sick of It.

(By our Staff Corres.) Hartford, April 15 .- A large number easure as prepared under direction of persons appeared before the Excise committee yesterday afternoon to favor or oppose the bill prohibiting the sale and manufacture of liquor in Connecticut, and providing for a referendum to the voters to decide the ques

> E. L. G. Hohenthal of South Man chester, conducted the hearing for the

when denatured alcohol when denatured alcohol will be as cheap for fuel as coal at \$2 a ton.

H. B. Brown of East Hampton contrasted the operation of the license system prior to 1854 with the operation of the prohibition system for the nine-teen years following or until 1872. He claimed that under the license system the evils of social drinking were greatly increased and that drunkenness in-the priests and fanatical classes who creased until it was seen that the only were chiefly responsible for the recent

reased until it was seen that the only remoty for it was prohibition. It was first tried in Maine and the effect was magical. In Connecticut the constitution. contest was short and in 1854 the prohibitory law was placed on the statute book and from the first it was successful. Later, amendments were introduced into the Legislature which undermined the good of the law.

Since the passage of the license law in lish Admiralty denies it, there is good 1873 everywhere it has been necessary to increase the size of our jails, prisons, insane asylums, and hospitals in order to take care of the increased numbers of drunkards and criminals.

N. W. Kendall of New Haven, in oporder to take care of the increased numbers of drunkards and criminals.

N. W. Kendall of New Haven, in opposition, spoke of the prohibition period of nineteen years and how the people got sick of it and the State became license again.

J. B. Klein of Bridgeport, representing the liquor interests of Bridgeport, referred to statements made Tuesday by Professor Fisher of Yale, that he

by Professor Fisher of Yale, that he was not opposing the bill from the moral standpoint, but from the ground of public health. He then took up statements of Dr. Crothers that alcostatements of Dr. Crothers that alcohol acted as an anaesthetic and said he wished the eminent gentlemen would get together and decide upon some definite line of action. "These people ask that the matter be submitted to the people for decision. The question already has been, for it was embodied in the platform of the Prohibition party and last fall the people had an opportunity to vote for "Scoop" O'Brien as the Prohibition candidate for Governor. He claimed that there is nothing in the Ten Commandments that ing in the Ten Commandments that prohibited indulgence in wine or in-toxicating fluids, but the gentlemen of the opposition seek to go ahead of the omnitpotent God and add the com-mandment, 'Thou shalt not drink.'"

GOV. LILLEY IS STEADILY

No More Bulletins from Ex-There Is a Change for the Worse.

(Special from United Press.) Hartford, April 15.-The inclement veather has apparently very little effect on the Governor's general condition, and a steady improvement is perceptible. Dr. Graves will undoubted ly return to his home in Waterbury in a day or two. No bullets have been issued by his physicians since yesterday morning and unless there is a change for the worse, their reticence will be a signal of continued improve-

Great Forest Fire Destroys Much Property

Mexico, City, April 15.—According to telegraphic advices, a great forest fire is raging in the Zitacuaro Mountains in Michoacau. Hundreds of men who have been fighting the flames have been compelled to give up the unequal struggle, and the mountains are now burning from end to end. Thousands have been rendered homeless by the fire, and a great quantity of the decimal content of the decim have been rendered homeless by the fire, and a great quantity of the dye woods, in which the regions abound, has been destroyed. Owing to the iso-lation of the region, the fire will have

NOTABLE EVENT GORDIAN LEGAL IS CHILD=ELLIS **WEDDING TODAY**

Bride and Father of Groom is Son's Best Man.

Thousand People Attended Ceremony in riages Required for Convenience of

Not far from 1,000 people attended Congregational church, Fairfield, of Miss Grace Child and Mr. Aldis Ellis, of San Francisco. A remarkable feature of the occasion was that the martution - England and riage ceremony was performed by Rev. Frank Samuel Child, father of France Have Warships in the bride, while the best man was Mr. John A. Ellis, of Berkeley, California, father of the groom. The exceptional By Bysantius Moschopuslous, Staff circumstance under which the father of the groom became the best man grew out of a peculiar family arrangement and the conditions of exceptional affection existing in the case.

The groom is a nephew of Mr. Samuel Wheeler. The ceremony was performed before an assemblage which crowded the church. The auditorium was decorated with white flowers, and palms. The platform in the case.

But the actual deficiency as it appeared before the committee on finance, of the Council, at its meeting last night, was about \$35,000, leaving \$10,000 for which no appropriation has been made. ferns and palms. The platform in front of the pulpit was a mass of Swenzonia, a white flower which re-

sembles sweet peas; while the platform on either side of the pulpit was a gar-den of white Marguerite daisies. These were brought in immense numbers from the hot houses of Mr. Sturges. The other white flowers were Easter and calla illies, spirea, and white azalias in full bloom.

The bride was attended by two of her sisters, Misses Theodora and Ruth her sisters, Misses Theodora and Ruth Child, and by the following young ladies—Ruth Kingsbury of New Haven, Annie A. Sturges of New York, Theodora Wheeler of Vassar College, Ruth Read of Reading, Pa., Isabel Guilbert of Smith College, and Marion Sterns of Chicago. The ushers were all from Fairfield—Dr. Frank Samuel Child, Jr., Dawson C., William B., and Samuel Glover, and Carrington Beeman.

A largely attended reception followed

A largely attended reception followed at the famous Sherman parsonage The presents were very numerous, an enormous amount of silver having been received, as well as many other costly articles. Last night a wedding repast was

Last night a wedding repast was given at the parsonage to the bridal party, and this morning Mrs. Samuel Wheeler gave a wedding breakfast in honor of the event. Forty carriages were engaged in Bridgeport to take the guests to and from the depots, and to other places. Mr. and Mrs. Ellis will, after their

honeymoon, make their home in San Francisco, where the groom is estab-lished in business. The bridegroom and his father resided in Chicago prior to their going to California.

SPOTLESS TOWN IS HOPE OF **HEALTH BOARD**

Five Official Sleuths Will Start May 1 to Look for Mussy Places.

If They Find One It Will Be Cleaned By Official Mandate - Owner Will Be Consulted Only About Bill - Commissioner Kelly Outlines Work.

KNOT IS EASY; JUST CUT IT

Technically There Are No Funds to Meet \$10,000 Excess Deficiency in Charities Department.

Flower Clothed Church-Forty Car. But Board has Legal Right to Exceed Its Appropriation, and Formality of Calling Tax Board Together Again Will Be Dispensed With.

> legal difficulty in meeting the bills incurred by the Charities department for the care of the poor during the fiscal year which ended April 1.

> The Tax Board made an appropria tion for the purposes of the Charities Department for expense to be incurred in the fiscal year 1909-10. They also made an appropriation to meet an estimated deficiency of \$25,000.

It is the latter sum that presents the dilemma. There is no doubt but that the Charities Department may lawfully expend for the care of the poor more than its appropriation without its case of such action by other city officials.

This exemption is given by a general

To mention the guests present would be to enumerate most of the prominent people in town as well as many priation for one purpose shall not be from out of town.

statute and also by the charter.

But the charter says that an appropriation for one purpose shall not be used for another purpose. Undoubtedly an appropriation for the care of the poor in one fiscal is not an appropriation for the care of the poor in some other fiscal year. Consequently there is no sum from which the excess deficiency can be legally taken, applying the law in ics strict, technical inter-

It is probable, however, that the Gordian knot will be cut by just paying the bills as they come along.
City Auditor Keating said this morning that he would pay them, as they are presented.

City Attorney Thomas M. Cullinan is of the opinion that the legal difficulties are of such a shadowy nature, it
